

The Clear Choice in Targeted Alignment.

The synergy of speed, cost effectiveness and aesthetics, makes *ClearAligner* the clear choice for both you and your patients.

- Distalize molars prior to full orthodontic treatment
- Correct lower anterior crowding
- Correct minor upper anterior rotations or crowding
- Correct simple anterior or posterior crossbites
- Provide superior patient compliance due to unparalleled comfort and convenience
- Designed for Orthodontists by an Orthodontist, Edward A. Cronauer, D.M.D.

Simply fill out an order form and we'll do all the rest. Easy on you, and even easier on your patients.
